

## **POLICY FOR FINANCIALLY DISADVANTAGED MEMBERS**

MMSC recognises that some families may, from time to time, experience difficulty in paying for swim sessions or costs associated with being a member of the Club. Every effort will be made to retain swimmers in the Club where lack of funds could limit the swimmers' development opportunity.

MMSC is able to offer these families flexible payment options and, in certain cases, a reduction in fees as appropriate depending upon the severity of the circumstances and the length of continuous membership.

Any swimmers having difficulty in meeting the cost of swim sessions should contact the Treasurer, Chairperson or President of the Club and their requests will be confidentially reviewed on a case-by-case basis.

Swimmers being offered preferential terms will be contacted by letter and where possible a solution will be found. The Club will review any preferential terms agreed regularly. Swimmers to whom such preferential terms are granted will be expected to inform the Club immediately of any subsequent change in circumstances.
